Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

HWY 3 Roadway Damage, Trinity County

- On 03/15/16 at 1033 hours, the California State Warning Center (CSWC), received a report from the Cal OES Inland Region Duty Officer (IDO) advising that she and the Cal OES Inland Region Emergency Services Coordinator (ESC) for Trinity County were working with Caltrans and Trinity County on a [slipout](#) impacting Highway 3, approximately 10 miles North of Weaverville, Trinity County. A 100 yard section of the highway has been destroyed due to erosion.
- Currently, the only route to take Coffee Creek and Trinity Center residents in 2 wheel drives to Weaverville is a 140 mile detour north on Highway 3 to Yreka, south on I-5 into Redding, and west on Highway 299. Most people that live in these areas are associated with Weaverville for work, banking, schools etc.

Utilities

- Power, telephone and internet services have not been interrupted to the communities.

Proclamations

- A Proclamation was received from Trinity County for the road failure on State Hwy 3. There are no requests for state assistance.

Health and Medical

- Basic Life Support EMS is available from the local Fire Department.
- A four wheel drive ambulance, which could meet an ALS ambulance if need be, is at the Slate Creek detour.
- Air Ambulances are available in good weather.

Road Closures

- Caltrans has informed the County that it is their priority to keep Highway 3 open at Scotts Pass.
- Caltrans and Shasta County Public Works are working together to open Trinity Mountain Road.
 - A snow blower was on scene as of 0700 on 03/16/16.
 - It is estimated that Trinity Mountain Road will be open to four wheel drive vehicles today and two wheel drive vehicles in a day or so if the weather holds.
- Trinity County Public Works is working to improve the Slate Creek Road detour which begins before the slipout on Highway 3.
 - Caltrans and Trinity County have entered into agreement and will be working to improve this USFS road for two wheel drive use.
 - The contractor for Slate Creek Road improvement will begin 3/17/2016, the road should be passible with 2x2 vehicles with in 5 days.
 - Slate Creek Road detour is 4 miles long and comes out just north of the slide area.
 - The road is currently open to 4x4 vehicles only but will be closed during road improvement hours, no 2x2 vehicle access at this time.
- PIO for Road information during this incident will be communicated from the County to Caltrans for distribution.

SITUATION SUMMARY

HWY 3 Roadway Damage, Trinity County cont.

Missions

- 2016-IREOC-21960, Transportation EF-1. One snow blower to clear Trinity Mountain Road from Hwy 299 in Shasta County to Hwy 3 in Trinity County. Agency tasked: Caltrans.

Trinity County OES

- Requests Spot WX Forecasts for this incident location to continue for the next 7 days.
 - Will revisit the decision to revise its current proclamation of a local emergency at the next BOS regular session meeting, on 3/22/2016.
 - The county is trying identify other issues created by the storms.
 - Reports one home owner may be in danger of a mudslide on to her home, she will not be staying there tonight.

Electrical Problem Damages 24 Train Cars, Suspends Service on BART Line, San Francisco

- An electrical problem damaged 24 train cars on the tracks between Pittsburg and Concord causing travel headaches for BART commuters throughout Wednesday BART service has been suspended between the Pittsburg-Bay Point and North Concord-Martinez stations.
 - The suspension was expected to cause systemwide delays through Wednesday night, according to BART officials
 - The delays will heavily impact the Pittsburg-Bay Point to San Francisco International Airport line
 - BART tweeted an alert around 11:05 a.m. local time, advising passengers in that area to look for other means of transportation
 - BART did not immediately release the nature and extent of the equipment problem
 - Trains heading to Pittsburg were turned back toward San Francisco at the North Concord station
- BART has established a temporary bus bridge, fourteen buses are shuttling passengers between the two stations.
- The Cal OES Coastal Duty Officer CDO is not aware of any difficulties or concerns.

Sink Hole with Gas Leak, Moraga, Contra Costa County (FINAL)

- A sinkhole 15 feet deep and ten feet across opened at the intersection of Rheem Boulevard and Center Street near a shopping center.
- Per the Cal OES Coastal Duty Officer (CDO), as of 03/16/16 0833 hours, Moraga is working on an Initial Damage Estimate (IDE).
- Cal OES Individual Assistance is working with the city to identify possible eligibility for Small Business Administration (SBA) assistance.
- The city of Moraga proclaimed a local emergency due to this incident. There are no requests for state assistance.
- Per PG&E all but 160 customers have had gas restored. PG&E has made field visits to those homes but there was no one was home, and as such they can not re-light the gas but all have their electric service restored.

SITUATION SUMMARY

Weather of Concern

Northern California

- No significant weather of concern.

Southern California

- Above average high temperatures will continue through this weekend for portions of Southern California.

River Forecasts

The following Rivers are currently projected to reach or are at Monitor Stage as of 1850 hours:

Inland Region:

- Sacramento River at Colusa Weir (Colusa County)
- Sacramento River at Tisdale Weir (Sutter County)
- Sacramento River at Fremont Weir (Sutter County)
- Yolo Bypass at Lisbon (Yolo County)

Active Weather Warnings, Watches and Advisories by County:

WEATHER

WEATHER SYNOPSIS BY REGION:

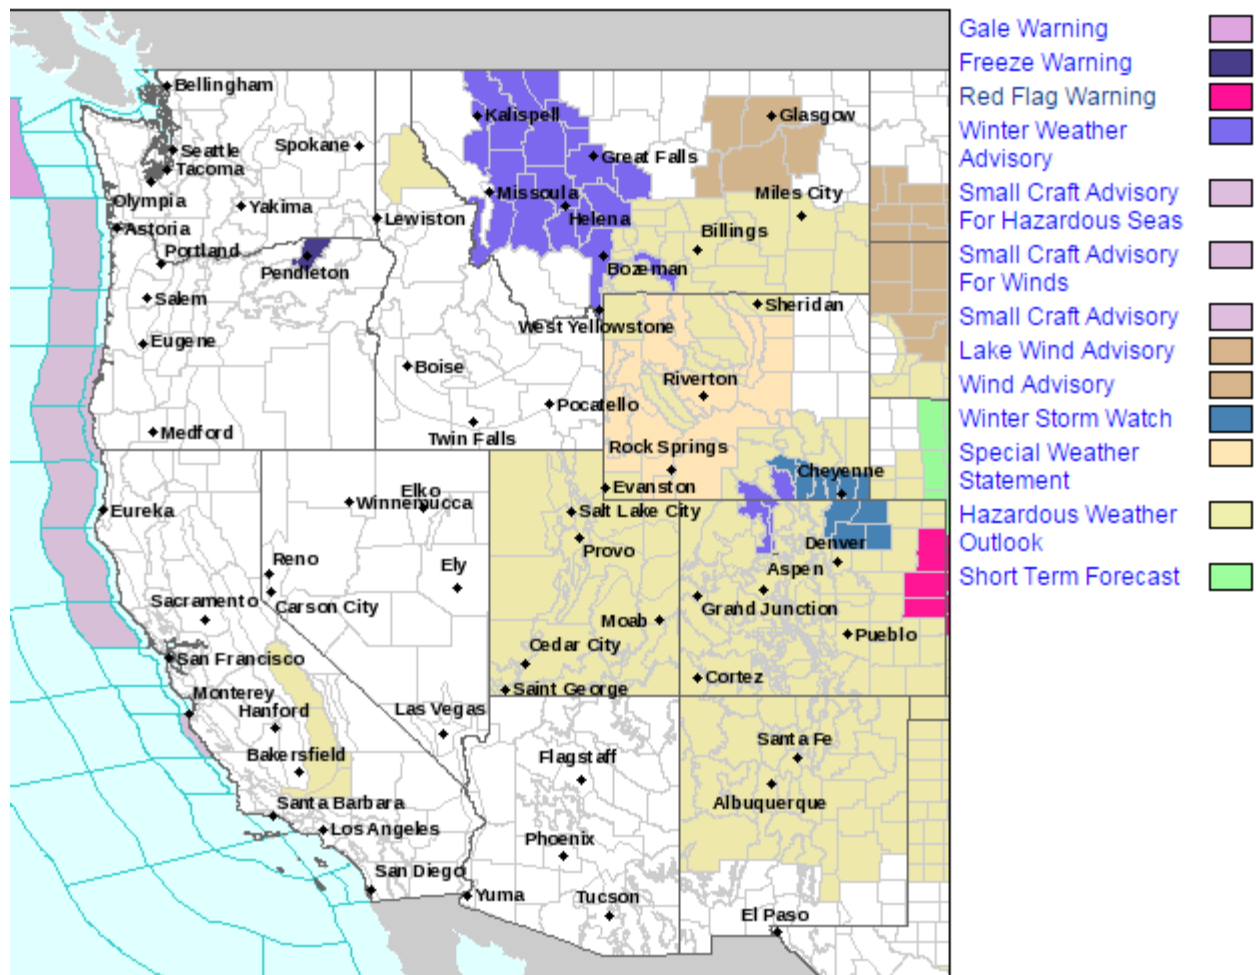

NORTHERN CALIFORNIA

High pressure will build over the Northern California through Thursday, producing mostly clear and dry conditions with afternoon temperatures reaching 10 degrees above normal in many locations. A North to Northeast downslope surface wind pattern will enhance the warm and dry conditions from the Western Sierra slopes to the coast Wednesday and Thursday. Afternoon temperatures in these areas could reach 10-15 degrees above normal. Peak winds will be 15-25 mph, and locally higher in Northeast-Southwest aligned channels in the Sierra foothills. The high pressure ridge will begin to weaken Friday. Late in the day a very weak frontal system will stall out near far Northwest California and possibly produce light rain there through Saturday. Northern California will see increasing Southeast to Southwest winds and more cloudiness. A large Gulf of Alaska low pressure system is expected to push a stronger frontal system into Northern California Sunday night through Tuesday, with widespread rain and high elevation snow.

SOUTHERN CALIFORNIA

A strong ridge of high pressure over Southern California will bring warm and dry conditions away from the coast through this weekend. Maximum temperatures will be 10 to 15 degrees above normal, with mid 60s to mid 70s across the mountains and upper 70s and 80s in the valleys. Minimum humidity will be mainly between 15% and 30% away from the Central Valley and coast. Winds will be light through this weekend. A trough will move into Northern California and the Pacific Northwest causing temperatures to cool to near normal early next week. This trough will also bring scattered showers with light rainfall amounts for Monterey/Fresno County to Northern California. Strong and gusty westerly winds will surface across the desert passes Sunday night through early next week.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 61 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 27 Counties: Butte, Colusa, Calaveras, El Dorado, Fresno, Glenn, Inyo, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 13 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), City of Rancho Cucamonga (San Bernardino County) and City of West Sacramento (Yolo County), City of Willits (Mendocino County), and City of Fort Bragg (Mendocino County).

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2016-LAW-21924, 3/15/16, 1300 hours:** Monterey Sheriff's Office requested a Unmanned Aerial Vehicle (UAV) to assist in the search for a 17 year old male that fell off a 200 feet high cliff into the Pacific Ocean near Big Sur. The UAV will be used to search the rugged coastline at the base of the cliff and provide aerial monitoring of surf conditions while a dive team is deployed. The mission is scheduled to coincide with low tide, approximately 1100 hours on 3/16/16. Alameda County accepted the mission. **Mission Ongoing.**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
